## LIFE & CAREER

# SPEARS

Britney Jean Spears was born on the 2nd of December 1981 in McComb Mississippi U.S.

She grew up in Kentwood, Louisiana with her parents Lynne and Jamie Spears, older brother Bryan Spears and younger sister of 10 years Jamie Lynn Spears.

Her parents had an unstable marriage. Before Britney was born, Lynne filed for divorce because Jamie had cheated on her, however she pulled out when Britney was born.

Her father was an alcoholic and a gambler who failed to support his family, while her mother stayed at home with her children. Jamie would get drunk and fight with his wife and after one argument he even tried to drive off with Britney.

The family were in poverty, her dad would go hunting for food which meant that the family would be eating rabbit and squirrel for dinner.

Britney started dancing at the age of 3 and singing at the age of 5. She entered gymnastics and voice lessons and eventually won many competitions. At the age of 8 she travelled to Atlanta, Georgia to audition for the 1990s revival of The Mickey Mouse Club, however she was rejected for being too young but the judges were very impressed. In 1992 she appeared on the entertainment competition Star Search and came second. She later re-auditioned for The Mickey Mouse Club in 1992 and was cast until it was cancelled in 1994.

Britney was appointed family friend and entertainment lawyer Larry Rudolph as her manager. Rudolph wanted to pitch Britney to record labels. She had travelled to New York to meet with 4 label executives. 3 of them rejected her, however 2 weeks later the executives from Jive Records returned Larry's calls and signed Britney to their label.

In late 1998 her debut single "...Baby One More Time" was released and sold 500,000 copies on its first day and peaked at number 1 on the Billboard 100. It was one of the best selling singles of all time when it sold 10 million copies.

Her debut album "...Baby One More Time" was released on January 12th 1999. The album topped the Billboard 200 and sold 10 million copies in its first years. It has sold at least 25 million copies to this day.

Later that year she started recording her second album. "Oops!... I Did It Again" was released in May 2000. It debuted at number 1 and sold 1.3 million copies. To this day it has sold up to 20 million copies. The album's lead single "Oops!... I Did It Again" reached number 1 in many countries such as the UK, Australia and New Zealand.

Britney has released 9 albums in total, "...Baby One More Time" (1999), "Oops!... I Did It Again", "Britney" (2001), "In The Zone" (2003), "Blackout" (2007), "Circus" (2008), "Femme Fatale" (2011), "Britney Jean" (2013), "Glory" (2016).
